

THE STRATFORD WAY 1977-78

1978 will be a year long
remembered by Edmontonians.

It is in this year that we
have been honored with the
hosting of the XI Common-
wealth Games. Athletes from
all the continents will gather
here in a fabulous athletic
display. It is the hope of
all, now, as in the past,
that these games will bring
greater harmony among the
Commonwealth nations. In
recognition of the athletes
participating in the Common-
wealth Games, we dedicate
this edition of the Stratford
Junior High School Yearbook.

ADMINISTRATION

For most of us, a school yearbook is synonymous with memories. Each picture, each caption, and each written description in the yearbook help to re-create the memories of the past year. To obtain a true impression of this year, we must consider the yearbook in its totality. No single picture, caption or description will suffice.

Thus it is with education. Some people view education as a process of acquiring knowledge. Others believe that education is a process whereby people come together to share ideas. Still others believe that education must stress the development of those attitudes, work habits, and citizenship skills needed for success in later life. In fact, a good school program must provide opportunities for the student to grow in each of these areas. Similarly, a good student is one that takes advantage of those opportunities provided by the school program.

I have enjoyed working with the students, staff and parents of Stratford this year. To those students leaving us, we wish you good luck in the years to come. To those returning, I look forward to more exciting times next year. Finally, my congratulations to the yearbook staff and Mr. Friesen for producing another superb yearbook.

D. J. Tessari
Principal.

Do I have to drink milk?
Do I have to eat vegetables?
Do I have to take this subject?
Do I have to go to school?

The answers to these questions, invariably, whether by the parent at first or later by the teacher and the parent, is yes. You need the milk and vegetables to grow a healthy body and you need the school and its curriculum to develop a healthy mind.

Stay in school to acquire a fund of knowledge from which you may generate new ideas. You will require a secure foundation of knowledge to support your new thoughts. Be imaginative and learn to be creative and original. Dare to venture beyond the well marked trail and learn to explore the wilderness. Discover new problems to be solved.

Learn to communicate ideas clearly and appealingly to those you want to help or whose assistance you desire.

Learn to work--life is not an easy street. Face difficulties with courage, persevere steadfastly and work conscientiously.

Acquire self discipline. Learn to impose discipline on yourself and also to accept discipline as it may be required of you by others.

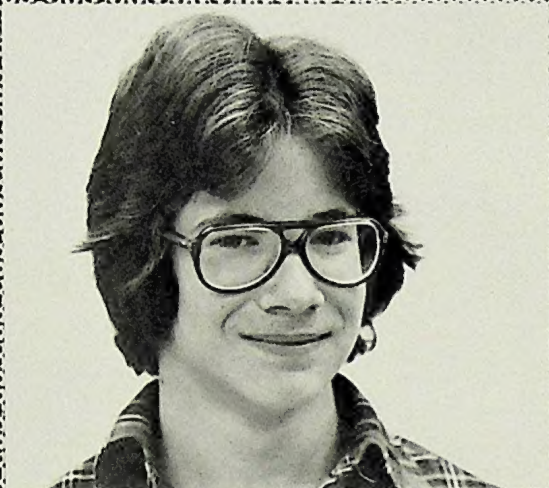

Develop the curiosity to continue learning after you have completed your formal schooling.

Learn to enjoy life and the leisure moments you have.

Life is a one way passage--don't miss out on any of the attractions along the way.

F. Alexandruk
Assistant Principal.

PRESIDENT

Students' Council is made up of our staff advisors, Mr. Johnston & Mr. Alexandruk and twenty students. Of these students, sixteen are room representatives and four are Executive members.

What does Students' Council do? At our meetings, we discuss and make decisions regarding Stratford's activities within the school and within the community.

During the Christmas season, Stratford took part in CHED's Santa's Anonymous project. Students were asked to donate money that would be used for the purchase of gifts for needy children.

Until this year, we didn't have a name for our school teams. In mid-February, students submitted their ideas for team names. At the time this was written, Council is considering the many suggestions. The prize will be two tickets to the Commonwealth Games Opening Ceremonies or the cash equivalent.

Another function of Students' Council is the planning and running of the school dances. These dances have been enjoyable and memorable. Students' Council would like to thank the teachers who supervise the dances.

We also sponsor Stratford's clubs. The Backgammon Club, in its very successful first year, had its boards purchased by Students' Council. The Chess Club was started again this year and has many members. Our Wrestling Club did very well in interschool competition. Yearbook and Ski Clubs are also enjoyed by many students.

Students' Council would like to wish all students, especially those graduating to high school, the best of luck and we hope that this year was a memorable one.
